INITIAL DISCOVERY PROTOCOLS FOR RESIDENTIAL MORTGAGE CASES

PART 1: INTRODUCTION

In cases involving claims relating to residential mortgage loan defaults or foreclosures, this court requires the parties to use these Initial Discovery Protocols. The purpose of these Initial Discovery Protocols is to require the exchange of the most relevant information and documents early in the case, to assist in framing the issues to be resolved and to plan for more efficient and targeted discovery.

These Initial Discovery Protocols supersede the parties' obligations to make initial disclosures under Federal Rule of Civil Procedure 26(a)(1), but do not preclude a party from seeking additional discovery under the Federal Rules of Civil Procedure.

These Initial Discovery Protocols apply only if a Borrower is a party to the case.

PART 2: DEFINITIONS AND INSTRUCTIONS

(1) Definitions. The following definitions apply to these Initial Discovery Protocols.

- a. ***Borrower.*** "Borrower" means one or more persons alleged to have executed a Note secured by a Deed of Trust on the residential property.
- b. ***Creditor.*** "Creditor" means any person or entity, including mortgage loan note holders or loan servicers, who allege the right to collect a debt evidenced by the Note or the right to foreclose on the Property under the security instrument that secures the Note.
- c. ***Deed of Trust.*** "Deed of Trust" means the document creating a security interest in the Property and grants the Creditor the right to foreclose and sell the Property in the event Borrower defaults.

- d. **Documents.** "Documents" are defined to be synonymous in meaning and equal in scope to the phrase "documents or electronically stored information" in Federal Rule of Civil Procedure 34(a)(1)(A), with one exception. For the purposes of these Initial Discovery Protocols, "documents" do not include email communications.
- e. **Identify (Documents).** When referring to documents, to "identify" means either (1) to describe, to the extent known: (i) the type of document; (ii) the general subject matter; (iii) the date; (iv) the author(s), according to the document; and (v) the person(s) to whom, according to the document, the document (or a copy) was to have been sent; or (2) produce a copy.
- f. **Identify (Persons).** When referring to natural persons, to "identify" means to give the person's: (i) full name; (ii) present or last known address and telephone number; (iii) email address; (iv) present or last known place of employment; (v) present or last known job title; and (vi) relationship, if any, to the parties. Once a person has been identified in accordance with this subparagraph, only the name of that person need be listed in response to subsequent requests to identify that person.
- g. **Identify (Non-Natural Persons or Entities).** When referring to a corporate entity, partnership, or other unincorporated association, to "identify" means to give the: (i) corporate or entity name and, if known, the trade or other names under which it has done business during the relevant period; (ii) address; and (iii) phone number. Once a corporate or other business entity has been identified in accordance with this subparagraph, only the name of that entity needs to be listed in response to subsequent requests to identify that entity.
- h. **Mortgage Loan.** "Mortgage Loan" means the loan that Borrower obtained to purchase the Property, refinance a prior loan, or obtain cash on the Property. The documents making up the mortgage loan contract are the Note and Deed of Trust, and any modifications of either.
- i. **Note.** "Note" means the document containing Borrower's promise to pay the amounts due under the Mortgage Loan.
- j. **Property.** "Property" means the residential property subject to the Mortgage Loan.
